Dear Senator Magnuson:

Further reference is made to your letter of February 2, 1955, enclosing for the comments of the Department of State copy of S. 908 "Providing relief against certain forms of discrimination in interstate transportation." This letter was acknowledged by the Department under date of February 7.

So far as the interests of this Department are concerned, no objection is perceived to the enactment of the proposed legislation. From the standpoint of this Government's relations with certain foreign governments whose citizens may travel in the United States, such legislation would be beneficial.

The Department has been informed by the Bureau of the Budget that there is no objection to the submission of this report.

Sincerely yours,

For the Secretary of State:

/s/ Thruston B. Morton
