December 4, 1950

Senator Herbert H. Lehman
United States Senate
Washington, D. C.

Dear Senator:

I see they are starting to put restrictions on metals, etc. Herewith enclose copy of telegram sent you July 25th and a copy of your reply on the 29th.

I hope you will use your power and influence to see that we take some action in regard to textiles. I feel we are going to be drawn up for South American requirements and no doubt we will supply large quantities of goods to Europe for re-armament. The requirements for our own Army, Navy, Marine Corps and Air Force will be tremendous without supplying other nations.

The Daily News Record carried an article today that the Colombia Ministry of War is asking us for three and a half million yards of goods.

I hope we can get some quick action.

With kind personal regards, I am,

Edward E. I. Martin
