“In Unity Lies Strength to Guard the Child”

July 3, 1951

Dear Senator:

Please do not throw this away without reading it!!

We are busier than ever this year helping children get camp vacations. Those we help have no other agency who will send them and there are many whose parents can’t pay or will pay what they can. When a widow who works wants to get her children away part of the time, when school is closed and there is no playground available, or when there’s a youngster who needs to have guidance not to run with a street gang, we do want to place such children especially.

Your gift will be carefully used and will help in building healthy bodies and minds for these future New York citizens.

Won’t you please be as generous as you possibly can? We’d be very grateful.

Sincerely,

Newbold Morris
President
