Honorable Wayne Morse
United States Senate
Washington, D. C.

Dear Wayne:

Many thanks for your letter of February 9th, in which you advise me that at an early session you will address the Senate on "How can we best conserve and continue to protect our natural resources for the benefit of all the people?"

I appreciate your letting me know and I certainly will try to be on the Floor as much as possible during your talk. I am sure that it will be most interesting and helpful to our cause.

Yours very sincerely,
