April 11, 1950

Honorable Abraham J. Multer  
U. S. House of Representatives  
Washington, D. C.

Dear Abe:

Thank you for your note of April 4. I know you did a yeoman job on the middle-income housing legislation.

Although there seems little chance of reviving Title II at this session of Congress, this program must not be allowed to die. It is too important and too vital.

With kind personal regards.

Very sincerely yours,
