Hon. H. H. Lehman  
United States Senate  
Washington, D.C.

Dear Senator:

I take pleasure in enclosing English translation of my Message to the Legislature of Puerto Rico delivered a few days ago. I know of your interest in Puerto Rico, personally and through membership in the Interior and Insular Affairs Committee, and feel that this brief pamphlet may help to give you an idea of the spirit with which we are approaching our difficult problems in what I have called "Operation Bootstrap".

Hoping to have a chance to see you soon,

Cordially yours,

Luis Muñoz Marín  
Governor of Puerto Rico
