H. R. 6000

In the Senate of the United States

AMENDMENT

Intended to be proposed by to the bill (H.R. 6000)
to extend and improve the Federal Old-Age and Survivors
Insurance System, to amend the public assistance and
child welfare provisions of the Social Security Act,
and for other purposes, viz:

On page 56, in lines 11 and 12, delete "twenty-six
days during such quarter" and insert in lieu thereof the
words "six days during such quarter, each day being in a
different calendar week".

On page 138, in lines 11 and 12, delete "twenty-six
days during such quarter" and insert in lieu thereof the
words "six days during such quarter, each day being in a
different calendar week".
In its present form H. R. 6000 would extend old-age and survivors insurance coverage to domestic workers who are hired on a weekly or monthly basis. The attached amendment would extend this provision to include domestic employees who return to the same employer week after week but work for that employer on only one day in the week. This would be accomplished by changing the coverage requirement from 26 days' work for the same employer in a calendar quarter to six days' work for the same employer in a quarter, each of the six days being in a different calendar week. The amendment would cover an additional 600,000 persons in an average week, or about 900,000 additional in the course of a year. This amendment is the same as the provision in the Keen bill, H. R. 6297.
