They have said of him:

"Neely has given West Virginia a million dollars' worth of advertising, and the coal operators and miners of his State an equal amount of service." (Royal S. Copeland, late U. S. Senator from New York.)

"In behalf of my comrades of all wars I thank you for the fine work you have so consistently given to the veterans of this country." (James E. VanZandt, Commander-in-Chief, Veterans of Foreign Wars.)

"Your record on farm relief is 100 per cent perfect, and I commend you for your loyalty to the cause." (Chester H. Gray, President, American Farm Bureau Federation.)

"You have a hundred per cent voting record on matters of interest to labor." (Wm. Green, President, American Federation of Labor.)

"I call upon all men and women in the ranks of labor, and their friends and families in West Virginia, to vote for your election to the Senate." (Philip Murray, President, C. I. O.)

"Not half a dozen members of Congress have as good a labor record as Matthew M. Neely." (Chiefstains of fifteen Railroad Brotherhoods.)

"He has most faithfully and efficiently served our teachers, pupils, and educational system. He is a never-failing champion of the people's cause." (Dr. W. W. Trent, State Superintendent of Schools, Charleston, W. Va.)

"No more capable, diligent or devoted man has been a member of the Senate in recent years." (U. S. Senator Alben W. Barkley, from Kentucky.)

The foregoing are but a few of many similar appraisals which famous ones of the Nation have made of Matthew M. Neely.
