Senator Herbert Lehman
Senate Office Bldg.
Washington, D.C.

Dear Senator Lehman,

I applaud your vote against giving the President authority to use force to protect Formosa from the Communists. Your wisdom and courage makes us proud to have you as our representative in Washington. I hope you will use your influence to have this problem settled by the United Nations, rather than by the United States government.

With warm gratitude from a loyal constituent.

Most sincerely,

Mary R. Nevins
(Mrs. Allan Nevins)
