November 1st, 1951

Senator Herbert Lehman
Senate House
Washington, D. C.

Dear Senator Lehman:

I greatly appreciate your kindness in having all the material sent for possible applications for positions for Mr. Walter Sulzbach. The trouble is, however, that he is just past 62 years and therefore not eligible for Civil Service examination. The only possibility would be that someone would think highly enough of his work to request the waiving of the examination. I do not know whether this is possible. He is a man of great attainment in economics, but there is of course no special interest in a man of his age.

With gratitude for your kindness,

Sincerely yours,

Reinhold Niebuhr
