My dear Governor,

I have been a very long time in writing to thank you for your great kindness in sending me a copy of "Herbert H. Lehman and his Era", which I received in the Spring.

I was very happy to learn of the publication of this book, and to find out how well it has been done. It is a wonderful thing to have this public account of your great life of service, and it is splendid that it has been written by such a good biographer as Professor Nevins. I hope it will reach a very large number of readers. The chapters on UNRRA are of prime interest and importance; but the whole story is stimulating. The world desperately needs more like you. I have found the whole book quite fascinating to read, and I am delighted to find what a lot of good sense I talked in 1945 to 1946! With much gratitude again, I hope that we may soon be able to meet.

Yours sincerely,

Philip Noel-Baker

Governor Herbert H. Lehman.
