April 18, 1955

My dear Senator Lehman,

Thank you so much for having your Resolution on Formosa sent to me. I have called groups together here to see what can be done to implement the kind of action that is proposed in your own Resolution, and in the Finletter Proposal. So many of the groups are paralyzed by their "no-action" policy.

You are doing heroic work in every way. My warmest admiration and greetings,

Always sincerely,

Dorothy Norman

A telegram requesting the resolution came in Friday night and I sent copies of it Saturday.
