Hon. Herbert H. Lehman  
Executive Chambers,  
Albany, New York

October 14, 1933

Dear Governor:

I am delighted that you are coming here on the 24th and that we are to have you for an evening meeting. I should like very much to appear with you on the platform and say about three words at all the meetings you hold in the 36th congressional district, i.e. Cayuga, Seneca, Ontario, Yates and Wayne counties, which include the following cities and larger towns: Seneca Falls, Waterloo, Geneva, Canandaigua, Penn Yan, Newark, Clyde, Lyons and Palmyra. I would be very grateful if you would have someone inform me whether or not any of these places are on your schedule, and the dates when you will be there.

I also want to ask whether you will not be our guest the night you spend in Auburn. I remember Mrs. Lehman came with you on your trip four years ago, and if she is with you this time, we would of course want you both. It occurs to me that you may be fed up with hotels by the time you reach here and I am sure we could make you more comfortable. But you must, of course, feel absolutely free to accept or decline as you think best.

Things continue to look favorable to you hereabouts.

With best wishes,

Very sincerely yours,

Lithgow Osborne
