UP-STATE REPORTS - Schoharie County.

On Oct. 29 I saw Mr. Sharon Mauhs, County Chairman, at his office in Cobbleskill. Mr. Mauhs is an attorney, relatively young and apparently very energetic and putting on an active campaign for the state ticket.

Mr. Mauhs said that there were three or four active Democratic clubs in various parts of the county; but I gathered that the main emphasis in his effort is mailing literature on the various candidates to box-holders and persons on R.F.D. and Star Routes.

He said that he was somewhat disturbed by the appearance on the registration rolls of about 800 new names. In many cases his committeemen reported that they had never heard of the persons in question. In so far as possible a check was being made to determine whether they were bona fide residents who could vote in Schoharie County. He was preparing to challenge any dubious ones.

Mr. Mauhs discounted entirely the NEWS poll - at least so far as the up-state districts are concerned. He expressed complete confidence in a result in his county far more favorable than 1942.
