May 23, 1942.

Col. Richard G. Patterson, Jr., Chairman,
New York State War Savings Committee,
1270 Sixth Avenue,
New York, N. Y.

Dear Colonel Patterson:

I have had occasion to see some and to hear much more of the fine American spirit evidenced by our fellow citizens of foreign extraction in connection with our War Savings Bonds Campaign.

The patriotic enthusiasm of these, our youngest Americans, is a most illuminating manifestation of what a real democracy means and should act as an inspiration for all of us.

My congratulations for having such a group back of you in your good work.

Very sincerely yours,
