Dear Friend:

On behalf of the International Executive Board of the Transport Workers Union of America, CIO, I am enclosing a copy of the union's latest publication, "AND THEN CAME TWU", written by our International Secretary-Treasurer, Gustav Faber.

The pamphlet is a short history of TWU. It outlines the story of the founding of the Union in New York City in 1934 and the struggles of New York's transit workers over the last several decades.

I hope you will find "AND THEN CAME TWU" interesting reading. If you have the time, I will appreciate your comments on it.

Very truly yours,

Michael J. Quill
