THEY HATE US!

(The following is written by the Editor of The Methodist Challenge — a militant Christian publication. The address, for those interested, is 1201 South Flower St., Los Angeles 15, Calif. Subscription rate $1.00 per year.)

Beyond the Jordan and up and down the uncertain line that marks the boundaries of the New Israel, in camp Nahrel and other haunts of squalor and starvation, live the Arabs. They once lived happily in Palestine, their home for generations. They now wait and hate. An American, to them is the most despised creature who walks the earth. These Arabs wait until the day when they can go back home. They hate the people who they have been told financed the Zionist movement that drove them and their children from their little homes in Palestine.

Certainly, the Zionist have engineered the most colossal racket of the centuries. They have gathered their sheckels from everywhere. What Israel did to the Egyptians when they marched toward the Red Sea is as a drop in the bucket beside what the Zionist have done to the whole world. And yet it is possibly true that America was the easiest mark of all, as she usually is. At least, it may be truly said that the United Nations, financed and practically maintained by the United States, has passed resolutions and made decisions that were but bubbles bursting in the breeze, while she has gone right along with the biggest steal of all history. If there were no Christianity, it would still be true that no organization on earth had a right to dispossess these thousands of Arabs of their homes, had no right to drive them, their starving bodies becoming skin and bones, out into a death dealing desert and a blasting Winter wind.

The U. S. News And World Report tells of them, a dozen people slowly starving to death in one tent not six feet square. Their food is rationed to where an ordinary American eats in two days. They are even prohibited from working, lest they decrease the fat wages of the neighboring Zionists. There they are prematurely dying, their children blighted in body and mind by starvation and exposure, waiting to go back home. They hang their keys about their necks, the keys to their homes. Their constant question is, "When shall we go back home?" It has become a part of their religion, this home hunger. And they believe that America not only drove them from their homes but that America is keeping them and their children from returning to their homes. Oh, how they hate us!

Nor have recent events made the picture more beautiful. As the Arabs of a little village buried their sixty and more dead, shot down in cold blood by this new Israeli, their numbed hearts felt the empty homes and loneliness. Again they blamed America. For the American government is financing, to the tune of millions, this Zionist venture. And when they were threatened with still worse starvation by Israel's diversion of the waters that had given life to their land, along comes America with a slight tap on Israel's wrist and then the money comes.

Jacob Schiff’s Historic Threat Against President Taft

"Letters", (Doddrey: Doran, 1930) by Archibald Butt, White House Aide to President Taft and other presidents, includes the following passage (page 625):

"Just now Schiff is demanding that President Taft abrogate the Treaty of 1832 with Russia and threatened him with the hostility of the Jews if he continued to resist to accede to their demands. He and a number of Jews came to the White House a few evenings ago and practically told the President that unless he abrogated this treaty the entire Jewish people of this country would not only oppose his renomination but would

Jenner Assails ‘Damages’ Paid In U. N. Firings

By WILLIAM MOORE

Reprinted from Chicago Tribune Jan. 25, 1954. Washington—Sen. Jenner (R., Ind.) today attacked the system under which an international court can order American taxpayers to pay damages to Americans fired from United Nations jobs for refusing to tell his senate internal security subcommittee whether they are Communists.

The propaganda mills have ground out the lies to become apparent when this pocket book is examined. Outright lies are resorted to along with the usual distortions.

The key to Lucille Ball's "clearance" may be found on page 127 of the first report (1943) of the California Un-American Activities Committee. In the Chairman of that committee, Miss Harris seems to have despoiled Velde, in the interest of clearing the scrivelpool Jackson, who headed the Hollywood Un-American activities committee, who is stated to have loaned Raymond Loewy his life story. Lucille Ball exposed before the Velde Committee.

The lengths to which they will go becomes apparent when the book is read. We know from the news releases that many occurred after November, is as American as Barney Baruch and Ike Eisenhower. Could any statement be more revealing than that of the Jew.

"Welcome" to the first I Love Lucy show of the season . . . Lucille is no Communist . . . Lucille is one hundred per cent American. She doesn't say she's dumb, but this would indicate the usual distortions.

Neutralize Then Destroy

Organized anti-Jewish activities are currently mounting. After first neutralize, then destroy the American Christian. They have the theological weapons to do it; what more? - It is the obvious course of action, for the protection of the American Christians to pause and reflect upon the dire consequences of forwarding the policy of INTERFAITH and the promotion of World Federation as outlined by Rev. Dr. Abraham Flexner, who is the Common Sense behind just four of many evidences of Jewish intrigue.

Page 122 of 1953 report of the American Jewish Committee to their directors.

Having responsible leaders speak for or endorse causes of concern to the American Jewish Committee or figures or individuals who engage in activities which the American Jewish Committee considers insin- cial to the best interests of the community, state and nation.

We frequently supply speeches or speech materials to leaders. Practically all of the addresses delivered by the National Chap- lain of the Legion during 1950-1 were supplied by us. Many of our speeches were used in national broadcasts by the Command-in-Chief of the Veterans of Foreign Wars, and those not used were printed and circulated to departments and posts of the VFW in sheet form.

Get your first tangible en- dorsement by leaders of matters in which the Amer- ian Jewish Committee manifests a particular interest. Thus the problems in Germany promulgated by General Clay.

Letting us know of your interest in liberalization of the anti-Jewish activities being conducted by a prominent Legionnaire, of a move to have the 1951 convention endorse the McCarran Act in toto. Thereupon, the Chairman of the Executive Council of the American Jewish Committee and the Director of this Devotions with the program involved and agreed on a plan which ultimately prevented endorsement.

The May 18, 1953 issue of LOOK magazine (Jewish medium of Marxist propaganda) con- tained the following. "What Do Protestants about Catholics", In the next issue of LOOK, John Cogley, leftist leaning executive of the American Committee for Amsterdam, pre- sented a "Catholic's" views in "Must Protestants Fair Catholicism", A nasty piece of counter-ag- gression to keep the Catholics from appealing to each other. Why not an article "What disturbs Christians about Jews"? The Wash- ington Love Line as the anesthetic. It is the obvious duty of all Christians to pause and reflect upon the current rise of Nazism in Germany; the recent rise of Nazism in Germany; the recent rise of Nazism in Germany; the recent rise of Nazism in Germany.

The Jews are not themselves to blame, but they have been used and manipulated by outsiders. The Jews are the victims of a system of exploitation and manipulation. They are not to blame for their own downfall.

Protestants Awake

By the late REUBEN H. MARKHAM, Noted Authority on Balkan Affairs.

Pitiful exposures of Communist infiltration into Protestant Church organizations were given by Methodist Bishop E. Brondy Oxnard and his apostate associates, clerical low-brow, and anti-Catholic. Written by a sincere Protestant for Protestants, but banned by many Catholic periodicals, including the "Left wing pressure group", I.B. B'fith, Metropolitan Council.

Reds Infiltrating Armed Services

Regrettably from Issue 136, April 1951.

The press of March 12 carried a statement released by Senator Ferguson (R., Mich.) to the effect that Communists in the U.S. are giving top priority to infiltration of America's defense department.

Naturally, after maneuvering Hungarian-born Zdenko F. Rosenberg, into the Defense Department, the gate will be held "wide open" while more than 20 thousand civilian employees are being brought into the military, "to make of us the very best trained armed force that can be had, and we will do the right thing.

Reds Infiltrating Armed Services

At the beginning of the year, the Newsweek reported that Communists in the U.S. have been found in top government positions, such as those of the Secretary of Defense and the Secretary of State. These positions are crucial in determining the policies of the government, and the influence of the Reds in these positions could be detrimental to the national security.

For this reason, it is important to take steps to prevent the infiltration of the Reds into the government. One way to do this is to ensure that all government employees are loyal to the country and are not sympathetic to Communism.

Another way to prevent infiltration is to conduct background checks on all employees and to ensure that they do not have any ties to foreign countries or organizations that promote Communism.

In conclusion, the infiltration of the Reds into the government is a serious threat to national security, and it is essential to take steps to prevent this from happening.
