Administrative Information

- Provenance:** An initial donation of papers was sent to the Missionary Research Library by Lyon in 1945, with additional material donated in 1950 by his widow and her daughter. In 1976 the records were accessioned to the Burke Library archives with the closure of the MRL.
- Access:** Archival papers are available to registered readers for consultation by appointment only. Please contact archives staff by phone, fax or email archives@uts.columbia.edu, as far in advance as possible.
- Access Restrictions:** The collection is unrestricted to readers. Certain materials however are in a fragile condition, and this may necessitate restriction in handling and copying.
- Preferred Citation:** Item description, MRL 6: David Willard Lyon Papers, series #, box #, and folder #, The Burke Library Archives (Columbia University Libraries) at Union Theological Seminary, New York.

Biography

The son of Presbyterian missionaries, Lyon was born in Ningbo 寧波, Zhejiang 浙江 province on May 13, 1870. He graduated from Wooster College with a BA in 1891 and an MA in 1894. He also studied at McCormick Theological Seminary and was ordained as a Presbyterian minister before returning to China in 1895. He founded the first student YMCA in Tianjin 天津 in that year, and later worked in Jinan 濟南, Shandong 山東 province. In 1901 he was forced to escape the violence of the Boxer Rebellion and went to Korea, where he established the Korean YMCA. He founded several publications, organized language schools, and published *The Christian Equivalent of War* in 1915. He served as executive of the National Committee of the Chinese YMCA from 1901 until his retirement in 1930. Lyon continued to work in East Asia until 1934, overseeing the operation of the Literature Promotion Fund, a project funded by John R. Mott. Lyon died on March 16, 1949 in Claremont, CA.

Lyon reportedly used the Chinese name Lai Huili 來會理.

Collection Scope and Content Note

This collection largely consists of reports and writings related to the work of the YCMA in China, although other missionary enterprises are represented as well. It also contains unpublished material on Lyon's study of Confucianism.

The collection is organized in four series:

- **Series 1: Provenance, 1945 - 1950 (Part of 1 box, 0.5 lin. ft.)**
This series shares a box with Series 2, and contains correspondence and lists relating to the provenance of the collection.
- **Series 2: YMCA Records and Reports, 1904 - 1941 (Part of 1 box, 0.5 lin. ft.)**
This series shares a box with Series 1, and contains records and reports produced for the YMCA, largely relating to its work in China.

- **Series 3: Writings and Correspondence, [192?] - 1944 (1 box, 0.5 lin. ft.)**
This series covers more personal papers and publications related to the YCMA and other missionary activities in China. In this series Box 1, Folder 4 contains papers relating to missionary and research enterprises outside of the YMCA, such as English Baptist Mission, Gest Chinese Research Library, South Fukien Religious Tract Society, Shunhwachen Project, Canton Committee for Justice to China, and United Church of Canada Board of Overseas Missions.
- **Series 4: Lyon's Writings and Confucianism Project, 1923 - 1939 (1 box, 0.5 lin. ft.)**
Within this series are some of Lyon's unpublished articles, research for his monograph on Confucianism, and draft copies of the work itself.

The "Records of YMCA International Work in China, 1890-1991" collection at the University of Minnesota Archives is the main repository of information on the YMCA in China, and has some material related to Lyon. The Kautz Family YMCA Archives, also at UM, has a collection of Lyon's papers.

Processing

Metal clips and staples were removed from materials and folded items were flattened. Materials were placed in new acid-free folders and boxes. Previously unprocessed materials were added to the collection, and the folders were reorganized. Acidic items were separated from one another by interleaving with acid-free paper as needed. Any items in a more advanced state of deterioration were placed in Mylar envelopes.

In July, 2009 the collection was reboxed. Original box and folder numbers, if applicable, follow the entry in the contents list in square brackets. Other folders were drawn from MRL unprocessed archival holdings which were originally part of the collection and also from material which was originally loose in this collection.
