Biography

Rev. Dr. George Heber Jones, a Methodist pioneer missionary to Korea, was born in Mohawk, NY on Aug 14, 1867. In 1887 the Methodist Episcopal Mission Board appointed him to Korea, where he was connected with Pai Chai High School and College. In 1892 he graduated from the American University in Harriman, TN and then moved to Chemulpo, where he was stationed for the next ten years. In May 1893 he married Margaret Josephine Bengel.

Jones served as superintendent of the M. E. Mission Board for two terms (1897-1899; 1907-1909). Proficient in Korean and member of the Board of Translators of the Bible, he held a number of positions including editor of *Korean Repository*, founder and editor of *Sin-hak Wol-po*, a theological review, and vice-president of the Korea Branch of the Royal Asiatic Society. He played a major role in efforts to encourage the first wave of Korean immigration to Hawaii in 1903. Returning to the U.S. in 1903, he worked as one of the secretaries of the Mission Board, and in 1905 lectured on missions at Morningside College in Iowa. In 1907 Jones returned to Korea and became president of the Bible Institute of Korea and Theological Seminary of the Methodist Church. He returned permanently to the U.S. in 1911 and worked as the editorial secretary for the M.E. mission board and secretary of the Foreign Missions Conference of North America.

After his retirement from the mission field, Jones taught missions at De Pauw University (1911) and Boston School of Theology (1915-1918). He published in Korean a volume of Old Testament studies, a short history of the Christian Church, a hymnbook and a Korean-English dictionary. His works in English include: *Korea, the Land, People and Customs* (1907), *The Korea Mission of the Methodist Episcopal Church* (1910), *Christian medical work in Korea* (1910?) and *Christianity and World Democracy* (1918). Jones died after a long illness on May 11, 1919 in Miami, Florida.

Collection Scope and Content Note

Included in the Jones Papers collection are typed manuscripts, chapter excerpts from his published books, lecture outlines and notes, syllabi, correspondences with M.E. Mission Board members, journal articles, book reviews, newspaper clippings, and one sermon. Most items are typed, some are handwritten. There is a substantial collection of resources and reference materials for his published work *Christianity and World Democracy*.

The collection retains original item numbering from the Mission Research Library and the numbers are retained thus () in the Finding Aid.

The collection is organized in three boxes, of which box 2 was reported as missing prior to May 2004:

- **Box 1 Lectures, 1914 – [1918?] (0.5 lin. ft.)**
This box contains full lecture notes on several topics including “The Rise of the Church in Korea,” *Christianity and World Democracy*, fundamental factors in missions, and the missionary and his relationships. Outlines of lectures, syllabi, complete lecture series, and chapter excerpts from his books are included in this box. Almost all items in this collection are typed manuscripts, including several with handwritten editing notes, dating 1914 – 1918.
- **Box 3 Correspondence and *World Democracy* Papers, 1913 – 1918 (0.5 lin. ft.)**
Within this box there is one sermon and more than twenty pieces of correspondence, including communication with M.C.Harris, Robert E.Spear, Marie Corner, Reverend Benjamin Chappell, members of the M.E. Mission board, and the Clerk of the United States Senate. Two folders contain general items: one regarding the Trans-Siberian route, including pamphlets and news clippings and the other on Korean culture and progress, including articles from the *Seoul Press* (1908 – 1911). The last twelve folders consist of resource and reference materials for *Christianity and World Democracy*, including syllabus, outlines, and chapter themes, as well as journal and book reviews for research purposes of the proposed book.

Processing

Metal clips and staples were removed from materials and folded items were flattened. Materials were placed in new acid-free folders and boxes. Acidic items were separated from one another by interleaving with acid-free paper as needed. Any items in an advanced state of deterioration were placed in Mylar envelopes. Copies of news clippings were made and are preserved with the originals.
