

# Columbia University Optics Seminar

## “Manuscript preparation and submission”

**Rachel Pei Chin Won**  
Nature Photonics Journal  
CHIEF EDITOR

Date/Time: Wednesday, May 2<sup>nd</sup>, 11AM – 12PM  
Location: Interschool Lab 750, Schapiro building

**Abstract:** Rachel will talk you through the concept and guidelines on scientific manuscript preparation and submission, as well as an overview of editorial process and the peer-review system. At the end of the talk, you will learn what editors seek, how to write a good cover letter and a good scientific paper, how to review a manuscript and how to make an appeal. You will also get to know the responsibilities and challenges of being an editor in scientific publishing.

**Bio:** Rachel joined *Nature Photonics* in June 2006 as an associate editor and is now the Editor-in-Chief of the journal. Before joining *Nature Photonics*, she worked for Aston University's Business Partnership Unit in Birmingham, UK, as a research commercialization officer commercializing research output of the university, particularly that of photonics research. She obtained her PhD in microwave photonics and nonlinear optics as a member of Aston's Photonics Research Group. Prior to that, she worked for Philips Optical Storage in Singapore as an Optics Engineer. She holds a Master's degree from Nanyang Technological University of Singapore doing research in optical fibre sensing and a Bachelor's degree from the National University of Malaysia.

Hosted by **Prof. Chee Wei Wong** and **Optical Society of America Columbia Student Chapter**

For further information: call +1 212 854 4275 or e-mail [cheewei@columbia.edu](mailto:cheewei@columbia.edu)

**Abstract:** Rachel will talk you through the concept and guidelines on scientific manuscript preparation and submission, as well as an overview of editorial process and the peer-review system. At the end of the talk, you will learn what editors seek, how to write a good cover letter and a good scientific paper, how to review a manuscript and how to make an appeal. You will also get to know the responsibilities and challenges of being an editor in scientific publishing.

**Bio:** Rachel joined *Nature Photonics* in June 2006 as an associate editor and is now the Editor-in-Chief of the journal. Before joining *Nature Photonics*, she worked for Aston University's Business Partnership Unit in Birmingham, UK, as a research commercialization officer commercializing research output of the university, particularly that of photonics research. She obtained her PhD in microwave photonics and nonlinear optics as a member of Aston's Photonics Research Group. Prior to that, she worked for Philips Optical Storage in Singapore as an Optics Engineer. She holds a Master's degree from Nanyang Technological University of Singapore doing research in optical fibre sensing and a Bachelor's degree from the National University of Malaysia.

Hosted by **Prof. Chee Wei Wong** and **Optical Society of America Columbia Student Chapter**
