*Hon. Andrew S. Draper
Commissioner of Education*

MY DEAR SIR: I take pleasure in communicating herewith for publication as a bulletin of the State Museum a *Geologic Map of the Buffalo Quadrangle*, prepared on the scale of 1 mile to the inch and including the region about the city of Buffalo.

In view of the zeal with which geologic science is studied in this important center of population I am convinced that the map and the accompanying explanation thereof will appeal to a large element of our people.

Very respectfully yours
JOHN M. CLARKE
Director
