Ronald Bayer, Ph.D.

Bio Sketch

Ronald Bayer, Ph.D., (Political Science, University of Chicago, 1976) is a Professor at the Center for the History and Ethics of Public Health, Mailman School of Public Health, Columbia University, where he has taught for 14 years. Prior to coming to Columbia he was at the Hastings Center, a research institute devoted to the study of ethical issues in medicine and the life sciences. Bayer’s research has examined ethical and policy issues in public health. His empirical work has focused especially on AIDS, tuberculosis, illicit drugs, and tobacco. His broader project is to develop an ethics of public health. He is an elected member of the IOM, on its Board on Health Promotion and Disease Prevention and has served on IOM committees dealing with the social impact of AIDS, tuberculosis elimination, vaccine safety, smallpox vaccination and the Ryan White Care Act.
