

ADVANCED CLINICAL PATHOLOGY

PA06P

Course Director: Steven Spitalnik, M.D.
Phone: 212-305-2204
Email: ss2479@columbia.edu

Assistant: Ms. Elsie Binns
Phone: 212-305-2204
Email: elb9022@nyp.org

Objectives: In general, what does the clinical laboratory do? How to use the labs properly (e.g. indications, limitations, and interpretations of lab tests)

When: Mon, Tues, Thurs, Fri in October, starting at 9 AM

Attendance: Attendance at all sessions is expected; excused absences for important reasons, contact Elsie and/or Steve

Grading: Pass/Fail; a final examination; no papers or quizzes

Final exam: Mixture of multiple choice and short essay questions. Each essay question will be graded for the whole class by only one examiner to ensure consistency. All test questions will come from the lecture notes

Number of students: ~50

Course Book: Includes:
Schedule
Participants: faculty, staff, and students
Lecture notes (and reprints, where appropriate) for each
Powerpoint lectures will be posted on the web

Textbook: none
