Morningside Conflict of Interest Definitions

"Commercial entity" means any corporation, partnership, sole proprietorship or other legal entity organized for profit. The term does not include the University or any other entity controlled by the University. For faculty members in the professional schools, a commercial entity does not include a client to whom you provide individual professional services (e.g., an individual for whom a trusts and estates professor in the Law School prepares a will or provides estate planning advice; an individual or corporation for whom a faculty member in the Graduate School of Architecture, Planning and Preservation designs a residence or building). The term does include a law firm, architectural firm or other professional firm or business enterprise with which a faculty member is affiliated (e.g., in an "of counsel" relationship or as a partner or member in such a firm).

"Family" includes your spouse or domestic partner, dependent children and any other family members living in your household.

"Financial interest" and "financial benefit" mean the receipt or expectation of anything of monetary value, including salary or other payments for services (e.g., consulting fees or honoraria), equity or other ownership interests, and intellectual property rights (e.g., patents, copyrights and royalties from such rights). The terms do not include salary, royalties or other remuneration paid directly to an officer by Columbia; income from seminars, lectures, or teaching engagements sponsored by public or nonprofit entities; income from service on review panels or advisory committees for public or nonprofit entities; income from writing or editing professional journals or textbooks; or a financial interest in a commercial entity if the value of such financial interest, when aggregated with the interests of your family, does not exceed $10,000 or represent more than a 5% ownership interest in such commercial entity.

"Used the services of Columbia students or employees" does not include infrequent or incidental use of students or employees in connection with your reportable outside activities.

Health Sciences Conflict of Interest Definitions

**Significant Financial Interest** is anything of monetary value, including but not limited to, salary or other payments for services (e.g., consulting fees or honoraria); equity interests (e.g., stocks, stock options or other ownership interests) and intellectual property rights (e.g., patents, copyrights, and royalties from such rights). The term does not include:

1. Salary, royalties, or other remuneration from the University or the New York-Presbyterian Hospital;
2. Income from seminars, lectures, or teaching engagements sponsored by public or nonprofit entities;
3. Income from service on advisory committees or review panels for public or nonprofit entities;
4. An equity interest that when aggregated for the Faculty or Affiliated Hospital Staff Member and his Family members meets both of the following tests: Does not exceed $10,000 in value as determined through reference to public prices or other reasonable measures of fair market value, and does not represent more than five percent ownership interest in any single entity;
5. Salary, royalties or other payments that when aggregated for the Faculty or Affiliated Hospital Staff Member and his Family Members over the next twelve months, are not expected to exceed $10,000.
6. Sponsored Research means research, training and instructional projects involving funds, materials, or other compensation including gifts from outside sources.

**Executive Position** refers to any salaried position which includes responsibilities for a material segment of the operation or management of a Business.

An "**Associated Entity**" of a Faculty or Affiliated Hospital Staff Member means any trust, organization or enterprise other than the University or any Affiliated Hospital over which the Faculty or Affiliated Hospital Staff Member, alone or together with his Family, exercises a controlling or significant interest.

"**Business**" means any corporation, partnership, sole proprietorship, firm, franchise, association, organization, holding company, joint stock company, receivership, Business or real estate trust, or any other legal entity organized for profit.

"**Executive Position**" refers to any salaried position which includes responsibilities for a material segment of the operation or management of a Business.

"**Faculty Member**" includes, for the purposes of this Policy, anyone who is a Health Sciences Officer, including Officers Emeriti employed by the University.

"**Affiliated Hospital Staff Member**" includes: attending physicians, associate attending physicians, assistant attending physicians, instructors, clinical fellows.

The "Family" of a Faculty or Affiliated Hospital Staff Member includes his spouse, minor children, and any other immediate family member, e.g., sibling, parent(s), or adult child, whose financial holdings are known to the Faculty or Affiliated Hospital Staff Member. This includes de facto spouses.

A "**Financial Interest**" is a significant interest in a Business consisting of any stock, stock option or similar ownership interest in such Business which if disclosed would appear to create a Conflict of Interest, but excluding any interest arising solely by reason of investment in such Business by a mutual, pension or other institutional investment fund over which the Faculty or Affiliated Hospital Staff Member does not exercise control.

"**Participate**" means to be part of the described activity in any capacity, including but not limited to serving as the principal investigator, co-investigator, research collaborator, teacher or provider of direct patient care. The term is not intended to apply to individuals who provide primarily technical support or who are purely advisory, with no direct access to the data (e.g., control over its collection or analysis) or, in the case of clinical research, to the trial participants, unless they are in a position to influence the study's results or have privileged information as to the outcome.

"**Sponsored Research**" means research, training and instructional projects involving funds, materials, or other compensation including gifts from outside sources.

"**Technology**" means any methodology, information, compound, drug, device, diagnostic, medical or surgical procedure intended for use in health care or health care delivery, or biomedical research.
