**TA Comments Report for: Andrew Kosenko**

**Q1 What are the strengths and weaknesses of your teaching assistant (discussion section leader, lab section leader, grader, or other assistant) as an instructor, and how might his or her teaching be improved?**

- He is very effective overall

- He is a very nice person.

- Andrew is the best TA I've ever had in economics. He somehow makes the course material crystal clear through a 20 minute conversation. He knows the models incredibly well, helps with the problem sets and math, but most importantly, presents complex models in a way that makes intuitive sense to someone who may not have the immediate economic intuition and high-level thinking of Prof. Scheinkman. He grades extremely fairly and his office hours are always well attended. He has met with me more than 5 times outside his office hours (which I can't usually attend, but have heard great things about) and is extremely friendly. He is a top-notch TA!

- Andrew was very helpful during office hours.

- Andrew was great. Took the time to go through any material necessary for your understanding and also what was necessary for course

- Very clear and approachable. Answers emails with question very quickly.

- He is very willing to help and takes his time to go through the assignments with us. He also cares more about us understanding the concepts, instead of doing the math perfectly right.

- Very helpful, always explains what's going on in problem sets.

- He is a kind young man, who made every effort to assist the class with questions.

- Andrew makes the concepts that we have learned in the lectures very intuitive to understand. He is very good at explaining the concepts. I have attended several of his office hours and he is very approachable.

- Mr. Kosenko was really helpful with the questions I raised about problem sets.

- He was present in every lecture and immediately answered all the questions I had regarding the course both in person and through email.

- He was very timely with responses and knew the material well.

- Andrew was a fantastic teaching assistant. He explained things very clearly during office hours and always went above and beyond with his willingness to answer questions via email. His patience and clarity was appreciated by everyone who attended his office hours.

- Unfortunately, I didn't have too much interaction with Andrew. All I knew was that he was excellent with communicating (via email) and helping the Professor in class.

- To be honest I didn't interact that much with Andrew, but in the few emails I sent, he was always extremely easy to reach and very clear in his responses.

- Always helped understanding the course material with great clarity

- Good communication, easy to reach

- Andrew is very friendly and competent. I got answers on e-mail when I asked for it. Great!

- EXCELLENT!!!

- Andrew is a very friendly person and he is always available for our answers. He explained things very good and knows exactly where student´s problems are.
