Within each Group of 3 Clans, one Clan will be randomly assigned for High density security programming (6 EAs with committees, 2 without), Low density security programming (2 EAs with committees 2 without), and no security programming (4 EAs without). Crossed over this will be assignments of half of EAs for civic and human rights education. Within each Group of 2 Clans, one clan will be randomly assigned for Medium density security programming (4 EAs with committees and 2 without), and one with no security programming (2 EAs without). Crossed over this will be assignments of half of the EAs for civic and human rights education.

The overall distribution for the entire country will be as follows:

	Civic & HR training	No training
Security committee	32 EAs	32 EAs
No security committee	32 EAs	32 EAs

Groups 10 and 11 right now are alternates that may be used to replace Groups that cannot be done (e.g., for logistical reasons).
