Office Hours: Mon/Wed: 11am-1pm and by appointment

Course Description

This course covers a very broad range of topics but, in one form or another, at the heart of all of the texts we will cover is the question: ‘How can I/we be happy.’ Some texts approach this question religiously others in a very secular way. Some propose grand schemes for ordering a city, a state or even humanity as a whole (morally, socially, economically and politically) while others are personal guides for living one’s life. Many also ask the prior questions: ‘how do we know what is right?’ ‘How do we know the truth?’; etc. Whoever your reasons for taking the course, you are certainly not indifferent to these question.

What is the goal of this course? It is neither to give you the answers to these questions nor to argue that certain texts are right and others are wrong. Rather the goal is to give you some tools that you can use to answer these questions for yourself.

Course Requirements

The course requirements are as follows:

1. Reading
2. Attendance
3. Class Participation  20%
4. Two Short Paper  20%
5. Final Paper  20%
6. Midterm Exam  20%
7. Final Exam  20%
1. Readings
Quite simply you have to do them! There is no way to do well in the class assignments, exams and class participation without this. This class involves a lot of reading so falling behind is not a good idea. I have included a rough estimate of the number of pages for each reading so you can organize your time accordingly. If you have any problems with or questions about any reading, please do not hesitate to see me in office hours, email me or to raise them in class.

It is essential that you read the texts carefully and thoughtfully and to take notes on each text as you read it.

2. Attendance
At the beginning of each class I will give out an attendance sheet for you to sign. If you come in late, wait until the break to sign the sheet.

**IMPORTANT:** make sure you sign the sheet; if your name is not on the sheet you are not in class! Excessive lateness will also affect your grade.

Given the nature of the course your presence at class meetings is essential. I will allow two absences from the class without penalty, no questions asked. However, you will have to write a 3-5-page response to the reading assigned for the class you missed. After that, you will lose 2% from your final grade in the course for each class you miss without a valid excuse. It is university policy that if a student’s absences are excessive and unexcused they may be denied credit for the course at the instructor’s discretion.

A valid excuse for an absence includes the following: **a valid and documented medical or family emergency or absence due to a religious observance.** A valid medical emergency means a note from a doctor stating that you were physically unable to come to class. I will not accept a note that simply says that you went to see the doctor the morning of the class. For religious observances, please let me know ahead of time that you will be absent. In cases of a family emergency or a religious holiday your dean/advisor must contacts me about the circumstance of your absence. For any other absence you must get my approval ahead of time and you will be required to do a make up assignment.

3. Class Participation (20%)
This means first and foremost coming to class prepared to discuss the assigned readings. In class discussion you should take a position and be prepared to explain why you believe that it is appropriate. Remember that the point of class discussion is not to ‘win a debate’ or to stick by your initial position at all costs. Rather, class discussion is a chance for you to gain a deeper understanding of the texts and to evaluate your interpretation of the text against the interpretations of your classmates.
You may also participate in class discussions though email or threaded discussions on courseworks. If you think of an interesting point about a particular reading I encourage you to email it/post it to the class before the session at which it will be discussed, this will also be counted toward your participation.

4. Two Short Papers (each 10% for a total of 20%)
Each student will also be assigned two short papers on the course texts during the semester. These will be assigned randomly on **Monday Sept. 11**. You will be assigned one reading before and one after the midterm. NOTE: Each paper is due at the beginning of the class in which we discuss the reading it pertains to!

I will email each student the question they will write on four days before the paper is due. Each paper should be 3-5 pages in length. Keep in mind that the question you are assigned may ask you to compare that text with one we have already read, so just because you have not been assigned a reading does not mean you do not have to read it!

**If you are not happy with your grade in the short papers you have the option of writing a third short paper.** I will then drop your lowest grade (i.e. only count your two highest paper grades). If you decide to exercise this option, please email me and I will assign you a third short paper topic. Please make sure that I send you an email with your third assignment.

5. Final Paper (20%)
**Due:** Beginning of class **Wednesday Dec 6**
For the final paper you should pick an issue you are interested in and that is covered in the readings. In the paper you should discuss how this issue is address in at least two of the works we covered as well as argue your position on the issue.

The paper should be 10-12 pages long. Your paper proposal has to be submitted to me in writing by **Monday Oct. 9**. Your proposal should be no longer then a page and should answer:

1) What is your question?
2) Why is it important?
3) What text do you think you will use to cover it

You are free to change your paper topic at any time but you must discuss this with me before you hand in you paper (of course the earlier you do this the better).

6. Midterm (20%)
You have two options for the midterm:

1) **In class:** There will be an in-class midterm on **Monday Oct. 23**. The exam will require you to answer questions in essay format.
2) **Take home:** Due at the beginning of class on **Monday Oct. 23**.
You will have to tell me which option you want a week before the exam. Please choose the option you are most comfortable with. Neither is inherently harder than the other.

Regardless of the option you choose, I will send five questions to the class a week before the exam. Then for:

1) **The in class option**: three of the five questions will be chosen at random at the beginning of the class and you will have to answer two of them. The exam is close book.

2) **The take home option**: four days before the take home is due I will email you three questions of the five questions chosen at random and you will answer one of those questions in the form of a 6-8 page paper.

7. Final Exam (20%)
The final will be held on **Friday Dec. 15**, from **12:30 to 3:30pm**. The location of the exam will be announced near the end of the semester. A week before the final, you will be given five questions, of these three will be chosen at random at the beginning of the exam and you will have to answer two of them. **Absence from the final has to be dealt with though your dean.**

**Late Penalty**
All assignments are due at the beginning of class. Unless a student has a valid and documented medical or family emergency, **students will lose a third of a letter grade for every 24-hour period after the deadline until their assignment is handed in**. Thus if you hand in an assignment a day late and you get an A- on it, your grade will be a B+. If the assignment due date falls on a religious holiday the student is still expected to hand in the assignment before the deadline. However, the student should contact me if this presents difficulties and we will find a suitable accommodation.

Student must submit all assignment in **hard copy**. I will not accept assignments in the form of an email attachment. If you are handing in an assignment late, make sure to put it in my mail folder in the Political Science Department (7th floor IAB). My mail folder is in the graduate student filing cabinet, which is in the middle cubical of the east wing of the 7th floor of IAB (if you cannot find it ask someone in the office). Also make sure that **someone in the office writes the date and time you are handing it in and signs it!**

**Academic Dishonesty**
Presenting part or all of someone else’s work without acknowledgment is plagiarism and it is a serious academic offence. Any case of academic dishonesty will be presented to the Associate Dean of Student Affairs and will be dealt with harshly.
Course Materials:

The following books are available for purchase at the Columbia Bookstore:

Core Curriculum Boxed Set:
Plato, Republic (Hackett)
Aristotle, Nicomachean Ethics (Hackett)
Aristotle, Politics (Hackett)
The Holy Bible: Revised Standard Version (Meridian)
Augustine, City of God (Penguin)
