Q1 Please comment on TA effectiveness and how it could be improved

- Was impressively organised and a great leader. She put in endless hours to address the needs of students and did a great job in demonstrating aptitude of subject material and clarity with what is expected.

- Kate was very good in going over exams and explaining answers to students.

- Always willing to answer questions in emails. Always timely

- Kate (or Kaytee) was very responsive to emails and I thought was the best at presenting material out of all the TAs when it came time for the review sessions before each midterm. It is very clear that she has a complete understanding of the class material and was prepared to answer all questions.

- Kaytee was super helpful outside of class clarifying our papers and going over exams! Thank you so much!

- I did not interact with her as much so I can't attest.
