TA Comments Report for: Kate Michelle Turetsky

Q1 What are the strengths and weaknesses of your teaching assistant (discussion section leader, lab section leader, grader, or other assistant) as an instructor, and how might his or her teaching be improved?

- Kaytee has a strong knowledge of statistics and ability to transmit that understanding to others. If she has a weakness, I wasn't able to see it.

- Best TA!!!! She was super helpful. Nothing bad.

- Very helpful in lab sections and provided clear and precise feedback on graded assignments

- Did a very good job of making herself available and communicating expectations to students

- Super helpful, approachable, set aside time outside of lab and office hours to help me with lectures, did not make me feel stupid for any questions I asked, made me want to learn and do better

- Kaytee is the best TA I have ever had! She consistently went above and beyond to help me make it through the course. She was really flexible about meeting outside of office hours and she always took the time to explain difficult concepts. She seemed to genuinely care about all of us doing well in the class and was very approachable. I don't think I would have made it through this course without her.

- Kaytee is absolutely wonderful! She is incredibly intelligent, patient and helpful. She took the time to help me truly understand statistics, by teaching in a way that was easily understood. She's awesome!

- She is so kind and helpful. I always ask her homework questions via email, and she is so quick to reply and her response is always so detailed and helpful.

- Kaytee is an excellent TA, she clearly cares so much about the class and it shows. She is able to really go step by step through problems one on one until you understand something and makes sure you do. I cannot say enough good things about her!

- Kaytee has been invaluable in my success in this course. As a lab section leader, she treats every student with great care and thoughtfully answers each question, no matter how simple or complex. At the beginning of the semester she was very welcoming and immediately created a safe space for learning and discussion. Outside of the classroom, she was very accessible, and each time I emailed her with a question on an assignment, she responded promptly with an incredibly thorough answer. I was very pleasantly surprised by her dedication to her students, and it is clear that she put a great many hours of her time into this course.
