New York State Education Department
Science Division, May 17, 1905

Hon. Andrew S. Draper
Commissioner of Education

My dear sir: I take pleasure in communicating herewith for publication as a bulletin of the State Museum a Geologic Map of the Buffalo Quadrangle, prepared on the scale of 1 mile to the inch and including the region about the city of Buffalo.

In view of the zeal with which geologic science is studied in this important center of population I am convinced that the map and the accompanying explanation thereof will appeal to a large element of our people.

Very respectfully yours
John M. Clarke
Director

Approved for publication May 18, 1905
