It is most important that correspondence to a Foreign Service post be addressed to a section or position rather than to an officer by name. This will eliminate delays resulting from the forwarding of official mail to officers who have transferred. Normally, correspondence concerning commercial matters should be addressed simply "Commercial Section" followed by the name and correct mailing address of the post. (Samples of correct mailing addresses appear on page viii.)

KEY OFFICERS OF FOREIGN SERVICE POSTS

Guide for Business Representatives

The Key Officers Guide lists key officers at Foreign Service posts with whom American business representatives would most likely have contact. All embassies, missions, consulates general, and consulates are listed.

At the head of each U.S. diplomatic mission are the **Chief of Mission** (with the title of *Ambassador, Minister or Charge d'Affaires*) and the *Deputy Chief of Mission*. These officers are responsible for all components of the U.S. Mission within a country, including consular posts.

At larger posts, *Commercial Officers* represent U.S. commercial interests within their country of assignment. Specializing in U.S. export promotion, Commercial Officers assist American business through: arranging appointments with local business and government officials, providing counsel on local trade regulations, laws, and customs; identifying importers, buyers, agents, distributors, and joint venture partners for U.S. firms; and other business assistance.

At smaller posts, U.S. commercial interests are represented by **Economic Commercial Officers** who also have economic responsibilities.

Financial Attaches analyze and report on major financial developments and their implications for U.S. policies and programs.

Political Officers analyze and report on political developments and their potential impact on U.S. interests.

Labor Officers follow the activities of labor organizations and can supply information on wages, nonwage costs, social security regulations, labor attitudes toward American investments, etc.

Consular Officers extend to U.S. citizens and their property abroad the protection of the U.S. Government. They maintain lists of local attorneys, act as liaison with police and other officials and have the authority to notarize documents. The Department recommends that business representatives residing overseas register with the consular officer; in troubled areas, even travelers are advised to register.

The *Administrative Officer* is responsible for the normal business operations of the post, including purchasing for the post and its commissary.

Regional Security Officers are responsible for providing physical, procedural, and personnel security services to U.S. diplomatic facilities and personnel; their responsibilities extend to providing in-country security briefings and threat assessments to business executives.

Scientific Attaches follow scientific and technological developments in the country.

Agricultural Officers promote the export of U.S. agricultural products and report on agricultural production and market developments in their area.

The *AID Mission Director* is responsible for AID programs, including dollar and local currency loans, grants, and technical assistance.

The *Public Affairs Officer* is the post's press and cultural affairs specialist, and maintains close contact with the local press.

Business representatives planning a trip overseas should include in their preparations a visit or telephone call to the nearest U.S. Department of Commerce District Office. The District Office can provide extensive information and assistance as well as a current list of legal holidays in the countries to be visited. If desired, the District Officer can also provide advance notice to posts abroad of the representative's visit.

The Department of State, Office of Security, can also provide current data on the security situation to interested persons planning trips abroad. American business representatives desiring this information should contact the Office of Security, Division of Foreign Operations, (202) 632-3122.

Some of the services jointly provided by the Departments of State and Commerce to U.S. business firms interested in establishing a market for their products, or expanding sales abroad, include;

- The Trade Opportunities Program (TOP) which provides specific export sales leads of U.S. products and services;

- World Traders Data Report (WTDR) which provides detailed financial and commercial information on individual firms abroad upon request from U.S. companies;

- Agent Distributor Service (ADS) which helps U.S. firms find agents or distributors to represent their firms and market their products abroad; and

- Information about foreign markets for U.S. products and services and U.S.-sponsored exhibitions abroad in which American firms can participate and demonstrate their products to key foreign buyers.

In all matters pertaining to foreign trade, the nearest U.S. Department of Commerce District Office should be your first point of contact. Foreign trade specialists at these facilities render valuable assistance to U.S. business representatives engaged in international commerce.

For additional information about Foreign Service activities overseas, or for specialized assistance with unusual problems, you are invited to visit, telephone, or write the Office of Business and Export Affairs, Bureau of Economic and Business Affairs, U.S. Department of State, Washington, D.C. 20520. Telephone (202) 632-0354.
