OPPOSITIONAL DEFIANT DISORDER

Now I am going to ask you some questions about how you get along with others.

OPPOSITIONAL DEFIANT CRITERIA

A: A pattern of negativistic, hostile, and defiant behavior lasting **at least six months**, during which **at least four** of the following are present:

Do you lose your temper a lot? What sorts of things make you angry?

IF YES: Has this been going on (for 6 months)*?

(1) often loses temper

*Determine phrase understandable to subject which refers to the past 6 months (e.g., "since August" or "all this school year" etc.)

?=inadequate information 1=absent or false 2=subthreshold 3=threshold or true

When you get into an argument or a fight, who usually starts it?

When you get in trouble, is it because you made a mistake or did something wrong, or is it usually someone else's fault? Do your parents blame you even when you think it's not your fault? Give me an example.

Do you blame somebody else, like a brother or sister or a friend, even when you know you did it? Give me an example.

IF YES: Has this been going on (for 6 months)*?

(5) often blames others for his or her mistakes or misbehavior
